

JOHN CEDRIC GAGARING

WEB DEVELOPER

A passionate and creative person with strong attention to detail and great sense of design, looking for an opportunity to leverage my knowledge of graphics design, web development and system administration, willing to adapt with fast-paced change and endless flow of information as I discover and learn something new through experiences in the workplace.

WORK EXPERIENCE

2023 – 2025 **Full Stack Web Developer** @ WPH Digital Pte Ltd

- Provide support to development projects throughout the project life cycle
- Design and develop web-based applications, specifications, architectures and technical interfaces and features
- Designs, codes, and tests of technical solutions
- Document features, technical specifications, and infrastructure requirements for self-produced technical work and job processes
- Participate in coding and code review
- Perform and manage unit and system integration testing, conversion and migration tasks

Apr 2022 – Jul 2022 **Associate Web Developer Intern** @ NeoDocto, Inc.

- Working on website development and optimization
- Designing web architecture and pages
- Collaborating with other team members
- Attending online meetings with the expert team
